MULTIMODAL PLANNING DIVISION REPORT

August 21, 2020

Multimodal Planning Division Director:

Greg Byres, P.E.

Current Planning Activities

- Preparation of Tentative Five Year Program
- Aeronautics Program for 2021
- Progress with P2P for 2022

Five Year Program (2021-2025)

- Funding evaluation for each year of the program
- Evaluation of project priorities based on funding
- Strategic project and sub-program priorities based on use of HURF funding.

Aeronautics 2021 Program

- Evaluation of Airport Capital Improvement Projects for each of the Participating Airports has been completed.
- Grant applications for airport projects are currently being reviewed for compliance.
- Funding intended for Federal-State-Local (FSL) grants will be shifted to State-Local grants due to the Cares Act funding provided through the Federal Aviation Administration.

P2P Progress for 2022

- District workshops have been scheduled for each of the Districts.
- Project technical evaluations are currently being conducted. (Bridge and Pavement)
- Project safety evaluations are currently ongoing.
